#### APPLICATION

On 12 of December 2002 a group of persons pre-arranged a collusion to cause a disturbance in the premises of the Regional Public Organization "The Urals Center Dianetics". The citizens Father Vladimir Zaitsev and Father Nikita and foreign citizens, who did not want to tell their names, took part in this disturbance. Among foreign citizens, who caused disturbance, was the citizen of the USA Dvorkin A.L., other foreign citizens D. Armstrong, T. Gandow, Broide P.P. called for actions against our public organization. The illegal activity of the above mentioned group was the following: they penetrated to the premises, which was rented by us, without our agreement.

On 12 of December 2002 approx. at 12 a.m., regardless of repeated prohibitions, these people, exercising physical strength, penetrated into the premises. They began to walk around it and publicly insulted the honor and dignity of staff members and members of our organization, (what comes within the article 130 of the Criminal Code of the RF) and cried: "Here is a totalitarian sect", violating the principle of equality of all the citizens before the law (art. 136 of the Criminal Code of the RF). Without any response to our demands to go away, they began to grab the things and documents, which were placed on the tables, roughly violating the peace, trying to create the conditions, which impede to a normal work of the public organization (which comes within the article 213 item 2 of the Criminal Code of the RF).

After this, V. Zaitsev and A. Dvorkin showed their interest in a pile of documents of informational nature, which was put on the table, they tried to take them. After I wanted to take them,

V. Zaitsev roughly pulled the papers from my hands. As a result, 100 copies of copied papers were stolen, and this caused a damage in the amount of 299 rub. 16 kop. Thus, the theft was committed.

So, the immunity of our premises was roughly violated, the work of our organizations was disorganized, the docs, which belonged to us, were openly, with the exercise of strength, stolen.

These actions provoked violence from our side, A. Dvorkin bothered staff members of our org, overtly violated peace and cried: "I am beaten, the violence is applied".
