Re Presiding Judge  
Los Angeles County Superior Court  
Los Angeles, Calif.

Your Honor:

It has come to my attention that in a legal proceeding in Los Angeles Superior Court, records of my personal letters, newspaper, military and other historical records concerning me or alleged to concern me were been impounded by the court due to a question of rightful ownership.

One year ago I loaned to the Church of Scientology records of my personal papers and the Church has with the safe custody of these. Many documents were held by me and due to the

fact that my wife and  
 several other people  
 several years ago purchased  
 my established business of my  
 personal records I was  
 too short of space in my  
 baggage to retain them and  
 entrusted my personal  
 papers and records to the  
 custody of the laboratory for  
 safekeeping and storage.

I hope I have not the  
 record strings and records  
 necessary to provide you  
 with the necessary information  
 my belongings are returned  
 to the custody of the  
 Dept representative.

Sincerely
